START WORK ON MONDAY

Monday morning ground will be broken for the additional mills to be erected to the plant of the Pittsburgh Steel Co., and much interest is being manifested among Monessen's populace.

It has been given out authoratively that activities will be started at once, and 150 laborers arrived today, Saturday, over the P. & L. E. railroad, who were immediatily taken in charge by Steve Gerry and quartered on the grounds in close proximity to the scenes of the coming activities.

Promptly at a time decided on by the mill officials the work will begin with appropriate ceremonies and the first shovel of dirt will be lifted by the General Superintendent George Nash who, with weilshaven face, hat tipped jauntily back exposing a noble forehead and his face bearing the smile so characteristic of the man, with a shovel especially designed and manufactured from a particular brand of metal, the handle being of well seasoned hickory, set in motion actual work on the vast undertaking which will give to Monessen one of the finest mill plants in the country.

Among the guests present will be the high officials of the Pittsburgh Steel Company from the city office, who will take part in the program as mapped out by those actively in charge.

This will be only a formal beginning on this great undertaking, as new men will be placed on the job from time to time and the excavating will be pushed along with all possible rapidity to get in readiness for the foundation and structural work which, it is thought, will be started so ne time in June.

Many have remarked: "My oh my! Won't Monessen be a dirty town after the Pittsburgh Steel builds and starts its two immense blast furnaces" But we wish to disabuse this idea by stating that such will not be the case, as all smoke, dust and the like naturally arising from a plant of this kind will be taken care of by a most modern and perfect "consumer" that is possible to procure. In other words the people of the town will no be annoyed by the black clouds of smoke and volleys of dust as is older mill towns; all this objectionable matter will be burned. Today there is considerable activity on the grounds between the upper end of the tin mill and the lower part of the Pittsburgh Steel in getting ready for the start, quartering men etc., and everything will be in readiness for the start Monday.

ARE AFTER LOWER TELEPHONE RATES

The C. D. & P. Telephone Co., is coming in for a share of hard raps from its patrons on account of its exorbitant charges for service and what is termed unjust discrimination. The State Railroad commission is just at this time giving it a pretty thorough hauling over the coals and it is thought that radical changes will be made all along the line before a great while.

At a recent hearing before the commission in Harrisburg some Westmoreland county points had representation, more particularly Jeannette, and after stating their case assurance was given, that the ruling would probably be favorable to the people.

In New Jersey, the Public Utilities commission has the C. D. & P. unner fire, even having expert accountants at work on their books—and to a degree the Penna. Commission is waiting on the New Jersey decision.

However at the Harrisburg meeting the Commission forcibly ordered the company to cease discriminations at once and also suggested a reduction in rates, particularly in the Jeannette case pending the commission's final decision. The change ordered was as follows.:

Business, direct line, $30 instead of $33. Two party line $21 instead of $24. The two party residence phone heretofore refused by the company can now be had at $15. This reduction to Jeannette is gratifying, but they still hope for a better rate even than that.

Monessen has a business rate, direct line, of $42 a year, and all other rates correspondingly high, and it now behoovs us to get busy and join issue with Jeannette—either that, or advocate and work for the admission into the town of a competative line.

According to orders sent out from police headquarters within the last few days, slot machines and all other mechanical devices of this order will be put under the ban. Notices have been served on the pool room and store proprietors to this effect and any violation of the laws laid down will be dealt with in a severe manner.

A Big Crowd At Opening

The formal opening of the new home of the Woolworth 5 and 10 cent store, next to the A. R. Ney ladies outfitting establishment on Donner avenue took place yesterday afternoon and evening as per schudule, and many were those who passed in and out on the "tour of inspection." It was a very successful opening and the attaches were most courteous and attentive and showed toward the visiting throng every possible attention.

However that was not a "drop in the bucket" compared to the opening for business this morning, the like of which has never before been witnessed in Monessen. People were waiting in the street even before the doors were thrown open, and when the management was ready to open at 8 o'clock the crowd was beyond all precedent The room was soon packed to suffocation and still the sidewalk and street was crowded with women, children, men and boys, and some even went around and gained entrance through the rear doors. It was one moving, seething, jabbering mass of humanity, and it was with great difficulty that the large force of clerks handled them

At half past seven o'clock it was a sight equal to that of the union station, in Pittsburgh, to watch the people from the hill district, coming down Sixth street in droves—all sorts of people—women, men, boys, big, little, white, black, the lame, the blind and the halt. Everybody heading for the 5 and 10 cent opening, and at Fourth street and all down-town points it was the same. A stranger might have thought there was a real, live circus coming to town. Women came with sun bonnets and shawls over their heads and many left the breakfast table standing in the middle of the dining room, dishes unwashed, etc., At the store several women fainted and so excited became the crowd that one woman forgetting she had the baby sitting in a newly bought clothes basket proceeded to pile other goods on the litte elf until at last it was dug out in an almost suffocated condition. The jam continued all day through, and we'll venture to say that Monessen never had a set of as weary and tired clerks as will leave the "Five and Ten" tonight at closing time.

"More Fun" at Fayeite City

"More fun," and this time it's at Fayette City, and the parties having the fun are the P. & L. E. Railroad Co. and The Pittsburgh Coal Co. It seems the railroad people claim, or are trying to gain a right of way over certain ground said to be owned by the coal company. So a few mornings ago railway tracks were found on the ground which the coal people poceeded to remove promptly. And, in order to prevent a repetition of the "tack," the coal company streched a pipe line over the disputed ground and had it coupled up and so constructed that in case of further activities by the railroad people a blinding flood of steam could be instantly turned on. The coal people "stood watch" for a night or two with a man at the throttle ready to switch on the etherial mists, but the railroad folks gave them no chance to prove the efficiency of their project..

Do you use Hydrogen Peroxide?

The American market is flooded with different makes of Hydrogen Peroxide, sold at all sorts of prices The Parke, Davis & Co. brand has been proved to be 30 per cent stronger than others on the market today. At the end of nine months it loses in strength only .06 per cent. The others lose from 1 to 64 40 per cent It certainly does not benefit a man who purchases Peroxide at a low price, for he has little more than ordinary water in the bottle after the lapse of three or four months. We have on our shelves some cheap stuff, and then we have the best—Parke, Davis & Co.'s.

Appeal Asked in Shields Case

In the case of John E. Shields, former sheriff of Westmoreland county, convicted on charges of malfeasance in office and allowing prisoners to escape, a rule was granted yesterday on the commonwealth to show cause why an appeal should not be taken to the Supreme Court. This is to be argued March 18.

Shields, who is now a county commissioner, was convicted on November 11 last on two charges, and subsequently sentenced to one year and one month on the malfeasance charge and one year and two months on the charge of allowing prisoners to escape. An appeal, which was taken to the Superior Court, resulted in sending the cases back for resentence.

The ruling of the Superior Court was based on a technicality, which denied the authority of the committing judge to sentence Shields for a fixed period. The Superior Court ruling that the sentence in each case should have been for an indeterminate period.

The rule asking an appeal to the Supreme Court was granted on application of E. E. Robbins of counsel for Shields.

Passengers Got Mixed

One record has been established this morning that will no doubt stand for some time and that is, there was only one passengen who boarded the west bound 7:32 train at the station. The reason for this was that the 6:29 train, west bound, had pulled in almost an hour late and had picked up all of No. 53's passengers, who had almost broken their necks in order to "get there" when they had heard No. 51 pulling in.

The delay of the 6:29 was caused by the overturning of three freight cars a short disance above Rostraver at an early hour this morning. The main line was blocked both east and west. The wrecking crew cleared the way in about 20 minutes and traffic was resumed at once. There was little damage done except to the cars and no one was hurt by the accident.

A GOOD PROGRAM FOR SUNDAY WORK

The revival services last night were exceptionally well attended at the First Presbyterian church, and with good singing, and most excellent exhortation and talks, one of the most intensely interesting meetings of the series was held.

On Monday night, Pete Porter, will tell his thrilling experience, of how a christian conquered on the ball-diamond. This is a story that every man and boy should hear.

Sunday at the Fisrt Presbyterian church, Rev. M. B. Houck will occupy the pulpit both morning and evening. The Sabbath school will meet at 9:45. Christian endeavor at 6:30. Theme; "a christian testimony that counts," John 1:29-42. Frank D. Bumbaugh, leader. The evening services will be a continuation of the evangelistic campaign, to which the public is cordially invited. The choir always has something worth while since Prof. Danilea has become the leader. Everybody welcomed. Cottage prayer-meetings Monday at Mrs. Wm. Taylor, 612 Reed avenue and Mrs. Armstrong's 212, Donner avenue. Evangelestic services will continue during the coming week and close next Saturday evening March 17th.

There will be a mass meeting for men and women, Sunday afternoon in the Christian church a 3 o'clock, under the direction of Pete Porter, for the purpose of taking the preliminary steps to the formation of a Personal Workers Club in Monessen.

This is strictly a laymens movement and has as its object the furthering of all righteous work, the correction of evil that is harmful to a community.

Man Dies at Eldora

Yesterday afternoon at the home of his sister, Mrs. Mark Hilton, of Eldora occurred the death of Chas. Dunmer Hilton, aged 37 years. The death was due to tuberculosis. He is survived by his widow, three sisters, Mrs. Mary Grayson, Mrs. Lavenia Hilton, Mrs. Louisa Hilton, and four brothers. William, of Chicago, and Wallace, Albert and Arthur, of Monongahela. Funeral services will be held Sunday at 2 o'clock from the home of his brother, Wallace Hilton, with interment in the Monongahela cemetery. Deceased had a number of friends in Monessen who will attend the funeral.

MINER DIES FROM INJURIES

With his skull partially crushed and bones in his body broken in several places, John Cuspin, aged 35, employed in the Naomi mine was found lying pinned tightly under an immense stay post in a remote portion of the mine on last Wednesday afternoon. According to the reports of Cuspin's fellow workmen, he had started to work shortly after dinner and that was the last that was seen of him 'til after the accident. It is thought that perhaps the post became loosened in some manner after being struck by the man's implements and before he could step out from in under it was trapped.

When he was found later in the afternoon, it was thought at first that life had become extinct but on close examination the man was found to be still breathing and he was immediately rushed to the Allegheny General hospital. Little hope was held out for his recovery and the doctors were puzzled for some time as to how the man was able to bear up under such terrible circumstances. Hovering at death's door for over 36 hours, he finally succumbed to his injuries yesterday morning.

Cuspin had been in this country but a short time and it is said was saving earnestly in an effort to bring his sweetheart to this country in a short time. He formerly worked at Uniontown and his body was shipped there to be cared for by relatives.

Bubble Club Was Entertained

Whenever it is proposed to tax wealth instead of poverty, wealth raises the question of constitutionality and such like. An income tax is not radical. Every first-class nation on the earth's surface—except this country—raises a part of its revenue to meet the expenses of the government by taxing incomes.

Under our present fiscal policy the expense of maintaining the army and navy, buildings and running the government, is met by taxing the things the people must have in order to live. Practically all revenue is derived through the customs houses and internal revenue offices, with the exception of a comparatively small amount derived from corporation tax, which was recently passed as a cheating substitute for an income tax. While the hat, coat and shirt of the masses are taxed almost 71 per cent under this fiscal system, Rockefeller, Morgan and other millionaires are not asked by the federal governmen to pay any tax whatever on their swollen fortunes. Thus a poor man with a family actually pays more toward running the government than a millionaire bachelor.

Those who scout the idea that an excise tax bill can be so drawn as to stand the test of the Supreme court, may be referred to the opinion of one of the country's leading lawyers, William Howard Taft, as follows: "In my judgment an amendment to the constitution for an income tax is not necessary.

I believe that an income tax, when the protective system of customs and internal-revenue tax shall not furnish income enough for government needs, can and should be devised which under the decisions of the Supreme court will conform to the constitution."

From many American cities come warnings from the police of the peril that menaces young girs in the promiscuous dances that take place at some of the social functions and the suggestion has been made that the municipality undertake some sort of supervision over these places. The question would arise at once just what places the police would take under supervision. There would very properly be a very loud protest from many social organizations, who resent very strenuously the charge that improper conduct marks their dances.

We do not believe that peril to the girls can be very materially reduced by any municipal supervision. A place that needs the supervision of the police should be peremptorily closed. A dance hall under suspicion will by the very nature of the case be a resort for the vicious and the immoral.

The real protection around the young folk should come from the parents. If the fathers or mothers attended some of the social functions in which their daughters participate and see for themselves who their associates are, some girls would not be permitted to attend some social occasions. But the real trouble often lies beyond public functions and is found in the mistaken prohibition some parents place upon their daughters in invitations to young men friends to visit their homes. Many a girl would not seek company in a dance hall of questionable repute were it not that father and mother closes the door of the home to all her young men friends. They forget that the craving of the girl for entertainment is natural and God-given and will be enjoyed along proper lines if there is wisdom on the part of the parents.

Supervision by the police will never reform any amusements, but participation by the parents in the pleasures of their girls will keep many a daughter happy and solve most of the social evils that now give many a community much to worry over.—Chester Times.

We are pleased to note in the current issue of the Greensburg Argus, the announcement of James M. Laird, "ye editor of ye Argus," and while we are not in unison politically with Brother Laird, we most heartily do, insofar as is within our provins, recommend him to the Democratic voters of the county, as no man within our borders is more truly entitled to the honor to which he aspires. He's a zealous, consistent, out-and-out Democrat from the marrow out. He's worked hard and faithfully for the success of his party through thick and thin, and that's the sort of man we admire, and we would be glad to see Mr. Laird chosen a delegate at the Democratic National Convention to be held in Baltimore, Md., June 25th.

They do say "a new broom sweeps clean." Of course it does, but if it happens to be a cheap one, my, oh my! Just wait till it gets worn down a little and the bristles or splints get stubby, straggly and all spraddled out. We've often seen the very best kind of a sweeper or housekeeper go back and dig up the old broom, discarded only because it was worn down a little and that new one looked so much nicer with its prettily painted handle, and cheerfully and without a word use it for six months or more. There is always a time when, in business, as well as about the household, "old things become new," and are often found to be the better after all.

HE HEALETH THEIR DISEASES.

Mark i, 29-45—March 10.

"Himself took our infirmities, and bore our sicknesses."—Matthew viii, 17.

TODAY'S STUDY follows closely the one of a week ago. When Jesus left the Capernaum synagogue He went to St. Peter's home. There St. Peter's mother-in-law lay sick of a fever. It was the work of but a moment for the Savior to take her by the hand and to raise her up to health. Meantime the fame of Jesus had spread and by evening there were crowds importuning His healing words and touch: "And He healed many that were sick of divers diseases, and cast out many demons, and suffered not the demons to speak, because they knew Him."

Nothing is more attractive to the human mind than the miraculous power of healing disease. No one enjoys disease, pain and suffering. People would be glad to be healed of disease, even if they were assured that the cures were performed by the power of Satan himself. It should not surprise us today that many false doctrines, wholly out of harmony with God's Word, commend themselves to the poor, groaning creation by promises of relief from physical ailments.

The true healer restoring St. Peter's mother.

But since these healers hold various and antagonistic doctrines, it is manifest that all are not of God, if any of them are. To our understanding, the Bible teaches that no miraculous healing at the present time is authorized by God's Word. St. Paul declared by inspiration that the gifts granted to the early Church, and exercised by Jesus and the Apostles and those to whom they personally communicated them, would pass away. The miracles were merely with a view to the establishment of the early Church.

Neither the Lord Nor the Apostles Healed Believers.

It is quite true that under the Law Covenant which God made with Israel He agreed that sickness would be a penalty for violation of the Law, and health a reward for the obedient. The statement of the Prophet, "Who healeth all thy diseases," was applicable physically to the Israelites under the Law Covenant. It has also a spiritual application to the Church, the New Creation.

But the healing of the New Creature and the healing of his flesh are different things. The New Creature's soul sickness and heart troubles are all cured by the Good Physician—even though his flesh may suffer pain and go down into death. We are to remember that the condition upon which we were begotten of the Holy Spirit to be new creatures was a full surrender of the flesh and its interests, as living sacrifices.—Romans xii, 1.

Nor is this any change from the Lord's dealings with the Church from the very beginning. So far as the records show, all, or nearly all, who were healed by Jesus and the Apostles, were "sinners." Surely there is no record of a single instance in which any of the Apostles were healed of any disease. Although St. Paul healed many sick, yet when Epaphroditus was sick and "nigh unto death" we have no mention of any attempt to miraculously recover him.

The counterfeit healer.

Similarly, in the case of Timothy, we find that St. Paul neither sent him napkins nor handkerchiefs for his healing, nor advised him to pray for his own healing. On the contrary, he advised certain medicines, "for thy stomach's sake." Indeed, we believe that for God's consecrated people to ask for physical healing would be to attempt to take back again what they have specifically consecrated to the Lord.

A Cleansed Leper Thankful.

Today's lesson mentions another case of healing. Leprosy was regarded by the Jews as an incurable disease, and as a type of sin. The leper of this study had faith in the power of Jesus, and came and kneeled before Him and entreated healing, cleansing. His prayer was answered.

Jesus admonished the leper not to make known so great a miracle; but in his thankfulness he could not restrain himself; he told it everywhere. The result was that Jesus could not thereafter visit the large cities because He would be overwhelmed with the number brought to Him for healing.

But alas! they were more appreciative of the restitution blessings than the great privilege which our Lord specially offered them of becoming His followers and joint-heirs in His Kingdom, which, by and by, will dispense restitution blessings and healing far and near to every member of Adam's race, condemned through the fall of Adam, and redeemed by the precious blood of Calvary.

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give your money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance.

Miss Ida Hickernell a teacher in the Monessen schools and Miss Bess Dowler an attache of this office left Friday evening for Wheeling, W. Va., to visit friends over Sunday and incidentally attend the Billy Sunday revival services being held at that place. Quite several others went from here to attend the meetings, and the Misses Grace Reeder and Rhoda Armstrong contemplated going, but on account of Saturday being "their busy day" they were forced to forego that much coveted pleasure.

Benny and Jack Star, hucksters, who make their headquarters at Charleroi met with a serious accident last evening about 7:45 near the West Monessen end of the bridge when a southbound Pittsburgh and Charleroi car struck the wagon in which they were driving and sent them flyng to one side, almost totally demolishing the vehicle.

The men were on their way home from this place and had just turned from one track to avoid a Monessen car when the big palace loomed up and sent the wagon flying to one side like so much paper. Benny who is the elder of the two, had his left leg broken and several bad bruises on his shoulder, while Jack was only slightly injured. The horses escaped unscathed.

BOXING CONTEST IS ON THE BILL O'FARE

Plans are now on foot to give Monessen a real boxing match and the affair is scheduled to be pulled off on Monday, April, 15 in the opera house. Jimme Mason the well known manager of "Buck" Crouse was in town earlier in the week and completed arrangements for the afore mentioned date.

Mason's reputation as a manager and promoter is enough guarantee that the bouts will be of real high caliber and sport lovers of this vicinity will have an opportunity of seeing one of the best bouts that has ever been pulled of in this locality. The main bout will be between "Red" Robinson of Pittsburgh and "Swats" Adamson of Brownsville. Both will weigh in at 135 pounds and a warm go is sure to result as both fighters are in great shape and are training hard. Several good preliminaries have been arranged also and these will be announced later.

CHRISTIAN TEAM DEFEATS ALL STARS

In a game replete with sensational plays and full of a snap and ginger, that made the spectators sit up and yell during the full 40 minutes of play, the Christian church team downed the All-Stars Thursday evening in the gymnasium of the Christian church by a score of 21-9.

The first half was the hottest sessions of the game and ended 8-6 in favor of the Christians. A short time after the beginning of the second half, the pace began to tell on the All-Stars, who have never played together this season before, and aided by some fast work on the part of Leathers and Martz the Christians jumped into a commanding lead and retained it till the end of the game.

Line up:

Christians		All-Stars
Zell	f	Haury-Herron
Lee	f	Lane
Brady-Martz	c	McMahan
Leathers	g	Bumbaugh
Grimaly Brady Sibbett	g	Mitchell

Referee-Steckman, Timekeeper Haggerty and scorer-Faust. Field goals: Leathers 4: Martz, Lee, McMahan 3; Bumbugh. Foul goals, Martz 3; Brady 2; Lane.

TOWN IS TO HAVE MANY SHADE TREES

A plan has been instituted by which all Monessen citizens or property owners who wish shade trees for spring planting can procure same without much inconvenience or trouble. The Shade Tree Committee of the Board of Trade has been active along this line and the chairman, A. G. Dunlap and W. B. Stewart will receive and look after all orders entrusted to them. A definite plan for the purchase of the trees will be reported at the next Board of Trade meeting Friday, March 15, and all who are interested should avail themselves of this co-operative plan which carries with it the advantage of getting better stock, lower prices, more prompt delivery and the like.

Silver leaf or Norway maple are the most desirable trees for shade, and all should have their orders in by April 1st. It is possible that the Board of Trade will take active interest along this line, and with the cooperation of that body with the people much tangible good should be the result. A. G. Dunlap can be seen at the P. & L. E. ticket office and Dr. W. B. Stewart at his dental office in the Peoples National Bank building.

SHATTERED NERVES

Of Brooklyn Girl Were Soon Rebuilt by Vinol

Did you know that nervous conditions due to overwork, mental strain and worry, or rundown condition of the system, can be cured?

"No one can realize what it means to have shattered nerves unless they have been through this trial," says Frances Grabau of Brooklyn. "For the last two years my nervous system seemed to be completely broken down and caused me a great deal of suffering. Vinol has made me well again. I have found it the greatest nerve and body builder on the market and there is not a good equal to it. I recommend Vinol to all nervous women and men."

This delicious cod liver and iron preparation without oil (Vinol) is so helpful in nervous conditions because it enriches the blood and builds up the whole body, thus nourishing and strengthening the nerves. We guarantee Vinol to give you satisfaction, refunding the money if it does not. Hirsch Drug Co., Monessen, Pa.

A NOTRE DAME LADY'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbagos, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you for proof address Mrs. M. Summers, Box R, Notre Dame, Ind.

A Water Doctor Cured Her

"For years I had suffered from a weak back and pain in my kidneys. At times I was laid up in bed and not able to bend my back. The doctors treated me for inward trouble but I kept getting weaker. Then dropsy set in and the urine became scanty and dark colored. My appetite failed, breath became short and eyes weak. I was told I had Bright's Disease and could not get well. Under Dr. Shafer's treatment I was soon able to get out of bed and in a short time was cured. This was five years ago and I am still well." MRS. MARY HAUSMAN, 715 Idlewood Ave., Carnegie, Pa.

THE OLYMPIC

The vaudeville bill being offered at the Olypmic this afternoon and evening is in every respect one well worth seeing. The bill is one of great variety and the entire four acts are high class in every respect. Woodward's Posing Dogs, are presented in one of the neatest acts of that kind that has ever been before. Mr. Woodward introduces his two posing dogs in animal statuary, a feature that is very pleasing, Jordan and Francis present an up to date singing dancing and talking act that pleased immensely last evening. The Stanleys present their laughable sketch entitled "Senator McShane's Night out," with its two laughs every minute. Morton and Kahn in a novelty and pantomine musical act closed the vaudeville bill in a very fitting manner, some first rate comedy and artistic musical ability being displayed by the members of the duo. Moving pictures start and end the performance.

At the Olympic theatre today and tonight will be seen the finest show of the season. The four big vaudeville acts which pleased so many last night will be repeated along with three of the market's best motion pictures. One is an Imp, the title being "The Immigrant's Violin," being a very pretty and effective Italian-American story, depicting the trials besetting the rugged pathway of a young girl from poverty to affluence and finery, back again to home, parents and contentment in the land of her birth and finally, happy marriage to her young American lover. "Bought," a Majestic picture, tells very pathetically of a little waif set adrift among miners and rough characters of the camps. Insult and hardship beset her way, even from the "camp" back into the great city. Things naturally straighten themselves and all ends happily. Remember, matinee at 2:30 and three shows tonight. 1t

THE LUNA

"A String of Pearls," one of the greatest object lessons ever shown in moving pictures will be presented at the Luna theatre on next Wednesday. This is a beautiful story in which the wife of a mulit-millionaire is presented with a string of pearls worth $250.000.00, and all it does is pamper her vanity. Those are not the real pearls of life. The real pearls are unearthed in the friends of a young man who at a great self sacrifice gather enough from their Xmas savings together for this young man to regain his lost health in the pure air of the country. A superb production, complete in every detail. 35 2t

At the Luna today, "Happy in Spite of Herself," something funny. 1t

"The Love of John Ruskin" at the Luna today is a picture by the Vitagraph that has a touch of tenderness sure to reach the right spot. 1t

Three good pictures at the Luna today including, "A Girlish Impulse," "Happy in Spite of Herself" and "The Love of John Ruskin." 1t

THE BIJUO

"Wanted—A Stenographer," a very amusing Vitagraph comedy at the Bijou today. Job hunters are numerous everywhere at this time and some very interesting and exciting incidents occur in this picture. "The Sunbeam" always sends the cheer into hearts and this great Biograph drama is sure to do the same thing for you. Other good pictures in addition to our big four piece orchestra under the direction of Freddie Lindauer. 1t

Working Hard for Y. M. C. A.

Monongahela is working hard to raise sufficient money to institute a young Men's Christian Association and procure sufficient assurances for its maintainance. A rousing banquet was held Thursday night at which $1,584.95 was reported and everybody is much elated. It seems that competitive teams have been formed and are working "tooth and toe-nail," each trying to out-do the other. But it's all in a good natured way, and the objective point of all being the same, there is every assurance of ultimate success. Harry Landefeld, the noted hustler is about ten lengths ahead of all competitors, and at the close of the meeting read telegrams from President Taft, ex-President Theodore Roosevelt, The California Fruit Growers' Association and others complementing him on his work, and on behalf of his honored personality produced a monster loving cup which he, with appropriate and impressive ceremonies, presented to himself. This was the crowning number and if everybody is as earnest and enthusiastic as is Mr. Landefeld, Monongahela's Y. M. C. A. is already assured.
